**TERMS**—All goods are payable on delivery of same. Without waiving or modifying this term, accounts may be rendered monthly on the first day of each month.

**DISCOUNT**—Unless otherwise specified, the prices quoted herein are subject to a discount of 10% for cash in respect of all goods paid for on or before the 15th day of the month following the month in which goods are delivered. After that date prices are strictly net.

Cash discount is a premium for prompt payment, not a discount from price.

**INTEREST**—Interest at the rate of 8% per annum will be charged on the price of all goods not paid for within 60 days from end of month in which the goods are delivered.

Time is the essence of this agreement.

**DELIVERY**—That all orders of \$10.00 or under shall be net.

**RETURNED MATERIAL**—A charge of \$3.00 per M on lumber and 10% on mouldings, sash, doors, etc., will be made on all material returned in good condition (minimum charge 75 cents). If damaged, will not be allowed for in any case.

**KILN DRIED MATERIAL** will be charged extra at \$20.00 per M and higher according to condition.

**SAWN SIZES** will be calculated on all material. Thickness less than one inch to be calculated as inch.

**STANDARD FINISHED SIZES** subject to natural shrinkage.

# STANDARD FINISHED SIZES

# WHY is this Combination Door OUT OF DATE?

# "EMPIRE" COMBINATION STO

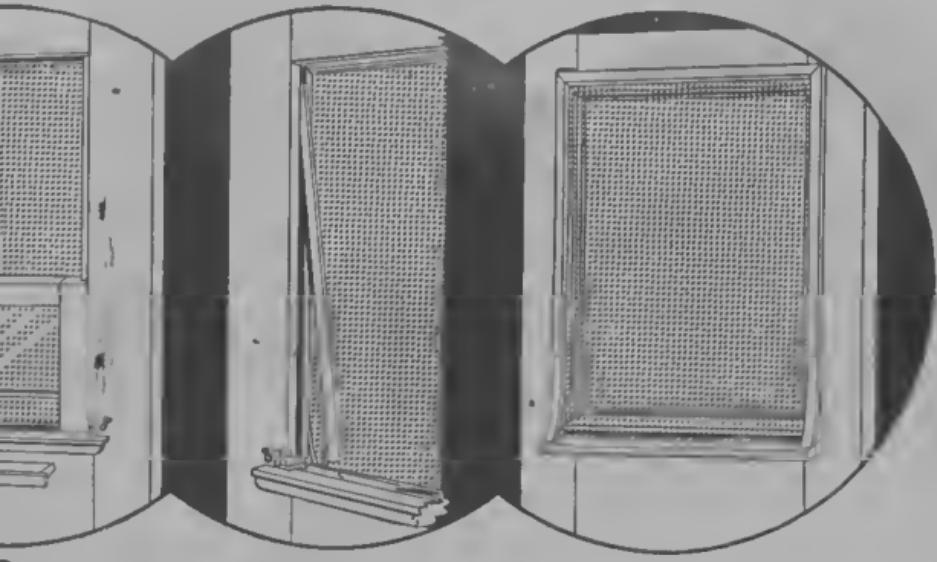

A

B

- A.** The "Empire" Combination Storm Door with the storm sash raised for winter use. The door is solid, winterproof, s
- B.** The storm sash is being turned back over the door frame. The sash is raised, then replaced, supporting the door and a draft-proof de
- C.** To repair a broken sash guides at each corner of the door are easily replaced. The sash withdrawal is equally simple.
- D.** The outside view of the superior door shows the arrangement of the galvanized wire screen. The storm sash slides beneath this screen. The screen remains within the door frame. The air space between the panels provides protection during

# N STORM and SCREEN DOOR

"Empire" Combination  
with the storm sash  
or winter use. This is a  
interproof, storm door.

orm sash is raised by  
back the two small  
l removing the wedge.  
h raised, the wedge is  
ll, supporting the sash,  
raft-proof door results.

air a broken light the  
ides at each side of the  
e easily removed and  
n withdrawn. Replace-  
equally simple.

utside view of this  
r door shows the smart  
ment of the permanent  
ized wire screen. The  
ash slides behind and  
this screen, but re-  
within the door. The  
ce between the lower  
provides additional  
on during winter.

Canadian Patent No. 326673

The "Empire" Combination  
Screen and Storm Door is an en-  
tirely new innovation. It com-  
bines all the advantages of both  
screen and storm doors. This  
Combination Door is left on all  
the year round, protecting you  
from cold during the winter,  
from insects during the summer.

Sturdy construction of the  
"Empire" door, and the use of wea-  
ther resisting wire screen, makes  
a door that will last indefinitely.

At a moments notice you can  
change this door by raising or  
lowering the sash, to suit warm  
weather or cold, between seasons.

With no Storm Doors or Screen  
Doors to change, and no Sash to  
store away, thus avoiding break-  
age, the new "Empire" Combina-  
tion Screen and Storm Door  
makes all other weather doors  
completely out of date. To get  
full benefit, Install one now!
